INTRODUCTION

This book, a state-wide finding aid for Ohio, is a single, alphabetical list of all resident land owners in Ohio, as found in the Ohio Tax Duplicate for the year 1812. Tax data are from the following counties: Adams, Ashtabula, Athens, Belmont, Butler, Champaign, Clermont, Clinton, Columbiana, Coshocton, Cuyahoga, Delaware, Fairfield, Fayette, Franklin, Gallia, Geauga, Greene, Guernsey, Hamilton, Highland, Jefferson, Knox, Licking, Madison, Miami, Montgomery, Muskingum, Pickaway, Portage, Preble, Ross, Scioto, Stark, Trumbull, Tuscarawas, Warren, Washington. Because an 1812 tax list was not available for Wayne County, an 1814 Wayne County land tax list was substituted. For each taxpayer, data are presented like this: Surname, Given Name. Town County. If a town name was not given, then for each taxpayer, data are presented like this: Surname, Given Name. County. If a landowner owned property in more than one town, the town listed in this book is the first town listed for the landowner. In Adams County, if the land was located outside of Adams County, the county where the land was located is listed in place of a town name. Long lines continue to the line below. Names are listed once per town per county. For example, if the name Abbot, Curtis appeared twice in Muskingum County, the name Abbot, Curtis would be listed only once in this book. There are 18,661 names in this book.
